

HND IN CONSTRUCTION (CONSTRUCTION MANAGEMENT)

Awarding Institution: **PEARSON EDUCATION**

Awarded Degree: **HND IN CONSTRUCTION (CONSTRUCTION MANAGEMENT)**

Duration: **2 YEARS**

COURSE OVERVIEW

This HND Construction Management course at GBS puts you on track to reaching your career goals within the global construction sector.

The course has been designed to develop your specialist skills and knowledge, and to transform you into the professional that top employers in the construction industry are looking for.

You will gain an understanding of the way technology is transforming construction and will be ready and equipped to work with this technology.

Additionally, you will gain insight into the role that construction plays in addressing contemporary issues facing the industry - such as sustainability and the environment.

The construction industry is a very practical, technical and hands-on environment, and teaching and learning on the course reflects this.

You will learn from real life examples, work-related learning, practical sessions, site inspections and expert guest speakers from the sector.
